reaffirming that the recent abortive trial of the two Soviets was a matter which involved other departments and CIA had no connection with the matter. 2. Advised by Judith Harrison, Persona! Secretary to Representative Hastings Keith (R. Mass.), that Representative Keith will be in the city at some time during the afternoon on Friday, but it is not known at this time whether he will be coming into the office or whether he would have time to come into the office. His first speaking engagement back in Cape Cod is for Tuesday evening, so that it might be anticipated that he would be back in Massachusetts at least at that time. He will be going through the city here tomorrow between two different speaking engagements outside Massachusetts. Should this office miss contacting Representative Keith on Friday, our first reasonable chance to contact him will be on his return to his home district on Tuesday. 3. OSI, called and advised that Colonel Glenn Smith of the Senate Preparedness Investigation: Subcommittee Staff had called him and advised that during his trio to the Pacific, information normally transmitted to him for the Committee should be given to Mr. Rebert Neale of the Committee Staff. Since Mr. Neale has never been cleared for the receipt of any information, it was agreed that during Colonel Smith's absence, the necessary transmission of information should be to Mr. James Kendall, Committee Counsel, or to Mr. Stuart French, Professional Staff Member.
